## Honor Fraternity Has Book Contest

Kappa Delta Pi, national honor society is sponsoring a Bibliophile contest May 10 to 14 at the College. The purpose of this contest is to encourage and to develop in all students the love and appreciation of good books. Any student who is not a member of the committee may enter. Books will be displayed in a prominent place.

A prize of ten dollars will be awarded to the first place winner and five dollars will be given to the runner up.

Collections of books representative of many fields such as history, political science, economics, literature, drama, religion, philosophy, education, and other established fields are highly desirable. The display must be more than a superficial showcase exhibit and should be supported by an intensive collection in some field.

Paper bound books and reference books are acceptable. Reference material will be checked as atlas, gazetteer, encyclopedia, world almanac, or standard dictionary. Paper bound books must be on a high level. Good historical novels or classics are examples.

Book collections should be submitted by May 7 to Mrs. Faye Sherman in Dean W. A. Brandenburg's office.

## High School Seniors Enjoy a Day at College

More than 700 seniors from the high schools in northwest Missouri and neighboring Iowa attended the 1954 Senior Class Day held at the college Monday.

After registration at 9 a. m., the guests were divided into groups and toured the campus, guided by students. At 9:30 a. m., a coffee hour was held in the faculty lounge for the sponsors.

The guests then attended conferences with the heads of the departments in which they were interested.

Various organizations on the campus presented an assembly program in the College auditorium. After a welcoming speech by President J. W. Jones, skits and other numbers were given by Alpha Sigma Alpha, Delta Sigma Epsilon, Dance Club, Intramural Commission, Tau Kappa Epsilon, and the Independent Club.

Al Spies and "The Collegians" furnished the music for dancing after lunch.

The climax of the day's events was the music department's presentation of "HMS Pinafore."

## A. J. Cauffield Returns To Campus Life As Student

Arthur J. Cauffield, retired professor, chats with College coeds on his way to attend classes. He enrolled at the College this year, to take some classes he always wanted but did not have time to attend. Pictured left to right, talking with the professor-emeritus, are Jean Richardson, Van Meter, Ia.; Marym Croy, Maryville; Mary Rucker, Tarkio; Mr. Cauffield; and Helen Durby, Union Star.

Arthur J. Cauffield, 81 year old student at the College, certainly adds volume to the old adage, "You're no older than you feel."

The retired professor, who taught sciences at the College for 37 years and was head of the geography department for 20 years, has created history anew by returning to the classroom but this time as a student.

Since September, 1953, Cauffield has been sitting in on certain classes; however, he insists on taking the examinations.

A versatile mind may cover a wide range of interests, and Cauffield's is certainly no exception. During the fall semester his courses included general science, early church history, and industrial arts.

In addition to his studies, he also played second violin in the College orchestra and sang first bass in the Tower choir. This semester he is taking horticulture, feature writing, and economics, a rugged schedule even for the fresh, vibrant minds of today's younger college students.

Mr. Cauffield attended the Ohio Normal University at Ada, Ohio, for three years. He began his teaching career at the age of 17, but returned to the university to obtain his bachelor of arts degree. He received his bachelor of science degree from the University of Chicago.

In 1914 Mr. Cauffield received his master of arts degree from the University of Wisconsin at Madison. That same year he came to Maryville where he has since resided. He did additional study in the field of science at the University of Colorado, Boulder; at Berkeley, Cal.; and at the University of California, Los Angeles.

He has always had an avid interest in music, and rates high as a musician in his own right as he plays the organ, violin, clarinet, and xylophone. He also plays the jew's harp and has played a harmonica.

Capt. Eden attended the College in 1939 through 1941. After serving five years during World War II, he returned to the College and received his bachelor of science in education. He later went to Korea and, during the past year, was in Germany.

Kenneth E. Bird, piano and organ instructor, judged the district solo contest at Anita, Iowa, April 9.

Messrs. Bird, Whitney, and Sandford are planning to give a public recital in May.

## THE STROLLER

The drive-in was opened last week. This fact means not only more movies to attend, but it also means more dates. What could be better than spending a nice spring evening out there? The Stroller will be doing some strolling and almost all he sees or hears will be news.

There is still a jolly fellow on the campus who is about the jolliest freshman around this year. He has been here both semesters, but it was only recently that the eyes at Residence Hall spied him. There are about four weeks of school left; so the whole college may still hear from him.

At a dance in southwest Iowa held during the Easter recess, one co-ed caused every dancer there to stop and look. This freshman girl is a very good dancer, in fact one of the best, but somehow her feet got tangled up and down she fell. She wonders what happened.

During the leisure days of Easter vacation, most studied, slept, or just played around. But not Wayne Hall. He took advantage of the spare time and got married.

## Easter Services Are Held at College

Sunrise Easter Community Services were held in the College auditorium on Easter morning starting at 7:00 a.m.

The pageant consisted of a drama entitled "The Kingdom of Eternal Life" by Martha Bayly which enacted the Crucifixion and Resurrection of Christ.

The Invocation was given by the Rev. D. F. Kohl and the Rev. Monk Bryan delivered the Benediction.

Characters in the drama were Mrs. Henry DeMott, Charles Jennings, John Liddle, Lucy Bryan, Mrs. G. W. Fothergill, John Meyer, Danny DeMott, Mrs. Inez Bowman, Mrs. Janiece Powers, Mrs. Dean Dorman, and Mrs. Morris Shuttles.

Ralph E. Fulsom, chairman of the College speech and drama department, was the director of the Easter morning services. Harold Tarpley served as the music director and Mary Jane Kurtz as the organist.

## Arthur J. Cauffield Returns To Campus Life As Student

(Continued from Page One)

since he was quite young.

When asked whether he finds school difficult now, Cauffield modestly comments that he finds it extremely difficult to find time for all the assignments. The venerable man says he misses questions he had asked his students dozens of time, because he doesn't react quickly. At this point, however, his classmates eagerly point out that Cauffield is a wonderful help as he isn't afraid to interrogate the instructors and the students strongly benefit from his questions.

Recently the feature writing class released a story on Mr. Cauffield which appeared in the Kansas City Star and the St. Joseph News Press. The story was put on the Associated Press wire and appeared in virtually every newspaper in the United States. It was also featured on television, Channel 2, St. Joseph. Moreover, it was reported that the story was broadcast over a radio network in Korea.

As a result of the unexpected publicity, Mr. Cauffield has received from all over the country, letters from former pupils, classmates, and friends. He has enjoyed the letters a great deal, and they are a source of constant amazement to the members of the feature writing class.

One mid-western gentleman wrote to Mr. Cauffield informing him that he would send the article which appeared in a local paper for the small fee of fifty cents. Another wrote to inquire whether Cauffield would care to have the article dipped in a plastic solution which would permanize it and keep it from fraying or turning yellow—for a nominal fee, of course.

Mr. Cauffield seems to find the whole thing rather baffling. One may teach for 61 years and receive little acclaim, but let him start back to college and he suddenly becomes news.

## Juniors Entertain At Prom for Seniors

The annual Junior and Senior Prom was held in the Union lounge on April 24 from 9 to 12 p.m.

Bob Ferguson and his orchestra provided dance music for this year's formal. Peter and Marie Christie of the Christie Dance Studio in St. Joseph entertained with several special dance numbers.

The decorations carried out the Hawaiian theme with palms and ferns. A large fish net interwoven with flowers adorned one wall, and artificial grass was skillfully used to give the effect of small islands. In the background the mountain peak, Diamond Head, was clearly visible.

Imported leis, direct from Hawaii, were corsages for each couple. The leis were flown in by the United Airlines from Honolulu, courtesy of the Hawaiian Visitors' Bureau.

During the intermission, lime sherbert punch was served with white cakes decorated with miniature green palm trees.

Guests for the prom included the junior sponsor, Mr. William T. Garrett, and Mrs. Garrett; the senior sponsor, Dr. John L. Harr, and Mrs. Harr; Dr. and Mrs. J. W. Jones; Dr. and Mrs. W. A. Brandenburg, Miss Rachael Taul, and Mr. and Mrs. Lon E. Wilson.

Robert Shea, president of the junior class, was in charge of all the arrangements for the dance. Gwenda Barnes was in charge of finances, and Louise Novinger headed the decoration committee. Refreshments, arranged by Joyce Brown and Harriet Appleton, were served by Marilyn Horner and Lorraine Garside.

After Dr. Gex was graduated from the College with a mathematics major and minors in physics and general science, he taught in rural and high schools in Missouri for 12 years. He also taught at the University of Missouri where he received his master's and doctor of education degrees.

At the present time Dr. Gex is an associate professor of education in Teachers College of the University of Cincinnati. He assumes his new position at the opening of the 1954 summer session.

Her work has covered all fields of art and of the crafts, and her department has grown from one member to six now serving on her staff. Her special interest is in the field of ceramics and she is expecting to study the developments in this craft in Sweden this coming summer. She is being considered for a Guggenheim Fellowship.

## Betty Crowley Wins

Freshman Betty Crowley, Lawson, has been awarded a Missouri P.T.A. four year scholarship. It is the Caroline B. Ullman student loan and scholarship.

Each year the \$400 fund is granted to fifteen Missouri prospective teachers who must teach in Missouri for the number of years they have attended college through the scholarship, or return the loan for the years they borrowed the loan and do not teach in Missouri.

Miss Crowley will attend NWMSC on the scholarship for the next three years. She has a twin brother, Billy, who is also a freshman at the college.

Seniors will be measured for caps and gowns on Friday.

Miss Olive DeLuce, chairman of the art department, has been active a number of years in the Western Arts Association and in the National Art Education Association, as well.

J. Norvel Sayler, alum of 1932, who now operates the Lloyd Chain Manufacturing Company in Maryland was recently host to two men from Cologne, Germany.

Hans Stutzer and Will Wattler, senior engineer and plant superintendent, respectively, of Meyer, Roth, and Pastor, Cologne, came to this country to visit users of automatic machines manufactured by their company.

They were accompanied from New York by Ernst Gyax, consulting engineer of Cosa Corporation, N. Y., which represents the German firm in this country. Gyax formerly lived in Lausanne, Switzerland.

While on their good will call in Maryville the three men gave technical advice and information on the use of automatic equipment.

Friday, April 16, they were taken in the Lloyd Company plane to the Kansas City airport by Sayler, who had also met them there to bring them to Maryville.

Mr. Sayler is a former chairman of the mathematics department at the College.

On April 13, thirty-one members of the Industrial Arts Club with their sponsors, Mr. Kenneth Thompson and Mr. Howard Ringgold, made an industrial tour through the Maytag Company in Newton, Iowa.

Pictures of the group were taken by the company newspaper photographer for the Maytag newspaper.

In the morning, a two-hour tour took the group through Plant 1, where the conventional washers are made.

At noon they were served a delicious swiss steak dinner at the Maytag Hotel at Newton. After lunch a speaker from the Industrial Relations Department spoke to the group and showed them a movie made in the Maytag factory.

An afternoon tour took the group through Plant 2, where the automatic washer and the spin dryer are manufactured.

Everyone agreed that it was a very educational and worthwhile trip.

### Phi Sig Review

Phi Sigma Epsilon's annual frolics were a big success. Although the two night performances required much work, everyone enjoyed doing it. The Phi Sigs want to express their appreciation to the many students who came to the frolics.

## A. C. E. Goes to Springfield For State Convention Saturday

Once again the Association for Childhood Education women are taking to the road to far places. Before World War II, it was not an uncommon thing to see a bus load of A. C. E. girls leaving for Atlanta, Cincinnati, Oklahoma, or Wisconsin to attend A. C. E. conventions. This

year the state convention is being held at Springfield, May 1-2.

## Random Shots . . .

Return of Jack Spence should provide added points for Coach Milner's track team in remaining dual and conference meets . . . Spence, laid low with a stomach ailment, is slowly rounding into shape. . .

Tennismen, under able direction of Drs. Peterson and Grube, making a strong showing . . . freshmen, Paul Clark and Charles Adair, along with sophomores, Bob Smith and Danny Evans, scored an opening win against Tarkio.

Intramural tennis activity being played under the lights . . . No future Tony Traberts in action, but plenty of all-out spirit prevailing . . .

Nothing new to report on next year's basketball coach . . . latest figures show that more than 170 coaches have made application for the job . . .

Recently returned from the Golden State of California and whilst there in the vicinity took in some good high school track meets . . . Those spikemen really pick 'em up and lay 'm down in a hurry . . . Some of the best times recorded were 9.7 for the hundred, 49.5 for the 440, 1:57.7 for the 880, 160 '2" for the discus. They throw the college weight platter 6 '5" for the high jump, 24 '4" for the broad jump and 13 '5" for the pole vault . . . These times would compare with most college marks around the area . . . Track is a major sport out there and the kids work at it all year round . . .

Graduation just around the corner, Bearcatville will lose some mighty fine performers . . . They'll be replaced, though, by some fine freshmen of this year and an equal bunch that will report in next fall . . .

Next week Random Shots will be taken over by Bob Kariger and Dean Stuck who wrote the column good enough last year to win Gold Medal honors in state competition . . .

## Selective Service Extends Test Date

Selective Service National Headquarters announced today that it has authorized a special administration of the College Qualification Test on Thursday, May 20, 1954, for the benefit of students prevented by illness or other emergency from attending one of the regular administrations on November 19, 1953 and April 22, 1954. May 20 is the last date upon which the College Qualification Test will be held during the present academic year.

Although applications postmarked May 10, 1954, or earlier will be accepted, students wishing to apply are urged to secure, complete, and mail their applications at once. Early filing will insure a test and other necessary supplies for the

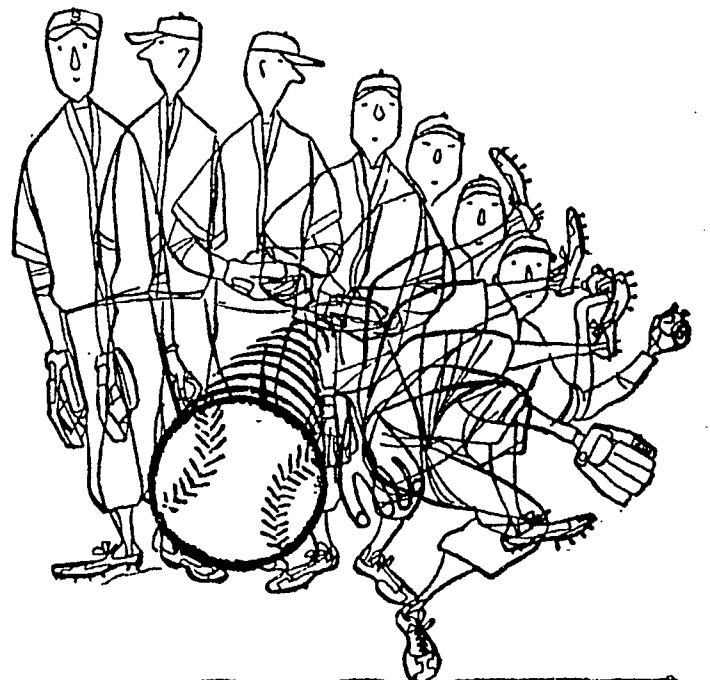

student at the center he selects or at a nearby center, according to Educational Testing Service, which prepares and administers the College Qualification Test.

When filling in the application, available at Selective Service local boards, the student should cross out "April 22" opposite the space reading "Center No." and write in "May 20."

## Appreciation

I should like to express to the student body who acted as guides in the Senior Day activities and to all students who participated in any way in the Senior Day activities the appreciation of the President's Office for their services.
